

JAYAJIT DUTTA

Senior Mobile Application Developer (Android & Flutter)

Serampore, West Bengal, India | +91 7980726164 | jayajit1989@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Senior Mobile Application Developer with 9+ years of hands-on experience designing, architecting, and deploying scalable Native Android (Kotlin, Jetpack Compose) and Cross-Platform (Flutter) applications. Proven track record in modernizing legacy codebase, optimizing app performance by up to 20%, reducing crash rates, and leading cross-functional engineering teams. Adept at Clean Architecture, MVVM, offline-first data sync, and integrating complex REST APIs across high-impact enterprise products.

TECHNICAL EXPERTISE

Languages:	Kotlin, Java, Dart, XML
Android Development:	Jetpack Compose, Android SDK, Coroutines, Flow, MVVM, Clean Architecture, Koin
Cross-Platform:	Flutter
Data & Storage:	Room DB, SQLite, Firebase Realtime Database, Shared Preference, EncryptedSharedPreferences
Networking & Tools:	Retrofit, RESTful APIs, Git, GitHub, Bitbucket, Postman, Android Studio, Linear, GPS Tracking & Location Services
Methodologies:	Agile / Scrum, Material Design 3, CI/CD Pipelines

WORK EXPERIENCE

Shyam Steel Industries Ltd. | Android Developer

Sep 2020 – Present

- Architected and delivered multiple high-traffic flagship mobile applications, improving overall app runtime performance by 20%.
- Spearheaded code migration from legacy Java to modern Kotlin, reducing application crash rates by 20% and improving codebase maintainability.
- Led and mentored a 3-developer Agile/Scrum engineering squad, driving sprint planning, code reviews, and on-time delivery.
- Integrated complex RESTful APIs, background push notifications, and real-time GPS location tracking for field workforce operations.
- Partnered closely with UI/UX designers to implement modern Material Design components, driving a 15% increase in user engagement.

DCC Services Pvt Ltd. | Associate Consultant

Jan 2020 – Sep 2020

- Developed customized Android solutions for small-to-medium businesses, focusing on intuitive navigation and responsive layout rendering.
- Collaborated with product managers to transform functional requirements into reliable UI components with reduced memory footprint.

Matrix Media Solution Pvt. Ltd. | Android Developer

Nov 2018 – Dec 2019

- Engineered third-party REST API integrations and core Android libraries across diverse Android OS versions and hardware form factors.
- Optimized application execution speed and minimized memory leaks across low-to-mid range mobile hardware models.

Natit Solved Pvt Ltd. | Junior Android Developer

Apr 2017 – Nov 2018

- Resolved critical production bugs, refined layout UI performance, and contributed to continuous app build testing.

KEY FEATURED PROJECTS

Ghareka PMT

2025 – Present

Tech Stack: Native Android, Jetpack Compose, Kotlin, Clean Architecture, Room, Retrofit

- Built an enterprise field CRM for project site check-ins, automated check-outs, GPS tracking, and daily attendance.

Web: pmt.ghareka.com

Ghareka Consumer App

2025 – Present

Tech Stack: Flutter, Cross-Platform, REST APIs, Firebase

- Developed an end-to-end home construction tracking mobile app providing accurate progress updates and timeline tracking for homeowners.

Play Store: [com.ghreka.consumerapp](https://play.google.com/store/apps/details?id=com.ghreka.consumerapp) | App Store: [id6467111338](https://apps.apple.com/app/id6467111338)

Pariwar App

2024 – 2025

Tech Stack: Flutter, Dart, REST APIs, Firebase Push Notifications

- Created a multi-tier distributor & dealer collaboration app with live inventory management, order placement, and reward point tracking.

Play Store: [com.shyamsteel.pariwar](https://play.google.com/store/apps/details?id=com.shyamsteel.pariwar) | App Store: [id1635952518](https://apps.apple.com/app/id1635952518)

Retail CRM

2021 – 2024

Tech Stack: Kotlin, MVVM, Clean Architecture, Room, Retrofit

- Engineered a full-scale retail field management app featuring offline data caching & synchronization, dealer check-ins, and GPS workflow automation.

Buildistan

2023 – Present

Tech Stack: Flutter, Provider State Management, Clean Architecture

- Built a procurement marketplace connecting buyers and sellers for streamlined B2B trade management.

Play Store: [com.buildistan.b2b](https://play.google.com/store/apps/details?id=com.buildistan.b2b) | App Store: [id6472875216](https://apps.apple.com/app/id6472875216)

EDUCATION & CERTIFICATIONS

- Master of Computer Applications (MCA) – Brainware Group of Institution (CGPA: 7.23) 2012 – 2015
- Bachelor of Computer Applications (BCA) – Meghnad Saha Institute of Technology (CGPA: 7.21) 2008 – 2011
- Certification: Professional Android Developer – Ejob India 2016 – 2017
